Licence Plate Registration FAQ

Q1: What is Radio Frequency Identification (RFID)?

A: RFID is the technology the Club is implementing to provide a fast and convenient parking experience to Members. With a radio wave scanner at the entrance of our car parks, the RFID tag on your vehicle will be identified instantly.

Q2: Why do I need to pre-register my vehicle(s)?

A: To enhance Members' parking experience, RFID technology will be introduced at all car parks on Club premises in 2020. You must pre-register the licence plate number(s) of the vehicle(s) in order to drive in and out of the car parks. A set of one new parking label and an RFID tag will be assigned to each registered vehicle.

Q3: Is there any fee for registration?

A: Registration is free of charge.

Q4: When will the RFID system be launched?

A: The system is expected to be launched in the first quarter of 2020.

Q5: Can I continue to use my existing parking label?

A: Each existing parking label will eventually be replaced by a set of one new parking label and an RFID tag. The existing parking label will not be valid by then. Details will be announced in December 2019.

Q6: How long are the new parking labels valid for?

A: It is expected that each set of one new parking label and an RFID tag will be valid for around 5 years. Prior to the expiry date, you will be contacted for the new RFID Car Park Label delivery.

Q7: How long does registration take?

A: The deadline for registration submission has now been extended to 31 August 2019. Members who have submitted completed forms can expect to receive their set(s) of one new parking label and an RFID tag via post in December 2019.

Q8: How many vehicles can I register? Can I pay to register additional vehicles?

A: Each Membership account is entitled to a maximum of 3 sets of new parking label and RFID tag.

Q9: My family member is not a Supplementary Cardholder. Can I register his/her vehicle?

A: There are no restrictions placed on the ownership of the three vehicles to be registered. For the first car parking label, only registration of the vehicle licence plate number is required. For each of the second and third parking labels, Members only need to register the vehicle licence plate number, and declare the name of the vehicle owner and his/her/its relationship to the Principal Member.

Q10: What will I receive upon the completion of my registration?

A: You will receive a set of one new parking label and an RFID tag that is uniquely assigned to each registered vehicle. It will be delivered by post in December 2019.

Q11: After the initial registration, can I change my registration to another vehicle? Is there any fee?

A: Yes, you can. You may alter your registration free of charge once every racing season (from 1 August each year to 31 July the next year). Each additional change thereafter within the same season will incur a fee of \$150.

Q12: My membership category has changed. Do I need to submit another registration form?

A: No, you do not need to submit another registration form when your membership category changes. We shall update your record in our system accordingly.

Q13: I have joined the BRCC Concession Scheme. Will I receive a separate parking label for BRCC?

A: No, no separate parking label will be issued to Members who have joined the BRCC Concession Scheme. Instead, a holographic sticker will be provided to you. Please affix it onto the parking label.

Q14: I am going to discontinue my BRCC Concession Scheme starting from next month. Do I need to replace my parking label?

A: No, you do not need to replace your parking label. We shall update your record in our system accordingly.

Q15: I do not drive or own any vehicle and rely on my children and friends, none of whom are Members, to take me to the clubhouses. Can their cars continue to access the clubhouse car parks?

A: There is no ownership restriction placed on registration of three vehicles. Members are recommended to register the three cars they use most often. As regards other cars, non-registered cars can access clubhouse car parks on weekdays as guests – though due to high demand not at weekends.

Q16: I drive six different cars which are all owned by my relatives. Under this new policy, I can only register three cars, which will be inconvenient for me.

A: We suggest that you register the three cars that you drive most frequently to the Club. Proof of ownership is not required. Please also note that non-registered cars can continue to access clubhouse car parks on weekdays as guests.

Q17 I own more than three cars. Can I register additional cars beyond the three cars permitted?

A: Members are recommended to register the three cars they use most often. As regards other cars, non-registered cars can access clubhouse car parks on weekdays as guests – though due to high demand not at weekends.

Q18: Can vehicles be registered under more than one Membership account as I share vehicles with my siblings who are also Members? Is this applicable to Racing Club Members as well?

A: Members must decide under which Membership account each car will be registered, as each RFID label will be mapped to only one unique licence plate number. If a vehicle were to be registered under two or more Membership accounts, the system would not be able to recognise which Membership account to log the car under when it enters the car park. This in turn would affect the access of the other registered cars in the accounts involved. This also applies to Racing Club Members.

Q19: I am a Full Member while my daughter is a Racing Member. We share the use of two cars. If my daughter registers one of these cars in her name, does this mean she will not be able to park it in HVCH car park?

A: As a Racing Member she will be able to use guest parking at HVCH on weekdays – though not at weekends.

Q20: If a first registered vehicle uses HVCH car park in the morning, can a second registered vehicle use the car park at STCH or BRCC at the same time?

A: Only one registered car can be parked at a Club premises at any one time. If the first car goes to HVCH first, the second car can still use another clubhouse car park as a guest on weekdays. All three registered cars can use clubhouse car parks on the same day as Members, provided they do not occupy the car parks at the same time.

Q21: What if my registered car is under repair and I have to use an alternative car. Can I still use the clubhouse car park?

A: Non-registered cars can use clubhouse car parks as a guest on weekdays. On weekends special approval may be given, though this will be on a case-by-case basis.

Q22: Does the Club have the right to collect such information, for example on car ownership?

A: Collection of information is subject to Member's acceptance of the terms set out in Declaration (Part 1) of the Form including Members consenting to the Club's collection and use of the information in accordance with the Club's Privacy Policy Statement on the last page of the form

Q23. Why is declaration of the vehicle owner's relationship with the Member required for the second and third vehicles?

A: Declaration of the vehicle owner's relationship with the Member is for our record on car park usage. It will help us to enhance security.

*Remark: Guest parking will be subject to the guest parking policy of respective Clubhouses.
